NIH Clinical Center Grand Rounds, October 17, 2018

John Doppman Memorial Lecture for Imaging Sciences
Focused Ultrasound as a Non-Invasive Mechanism to Improve Dysfunctional Brain Circuits in Neurological Disease

Michael G. Kaplitt, MD, PhD
Professor of Neurological Surgery and Vice-Chairman for Research
Department of Neurological Surgery
Weill Cornell Medical College, NY

*One Continuing Medical Education (CME) credit will be offered for attending this lecture.

The Activity Code for this lecture is: **16585**

In order to receive CME credit for attending this lecture, please text this code to the Johns Hopkins CME phone number (443) 541-5052.

*Important Note: If you have not already done so, please be sure you have set up your profile with Johns Hopkins CME before you text the code. Please see below for detailed instructions.

* To receive credit for attending an NIH CME activity, each attendee must:

1. Register with the Johns Hopkins School of Medicine Office of CME at https://hopkinscme.cloud-cme.com/aph.aspx. You will provide your name, email address, and cell phone number. If you have attended a NIH CME activity in the past, and requested CME for your attendance, then your email address should be registered with Hopkins CME. *Note: The Hopkins CloudCME website is a third party website which is not managed by the NIH. The Johns Hopkins School of Medicine privacy policies will apply, and they have been reviewed and approved by the NIH Clinical Center Privacy Office. The Johns Hopkins Privacy Policy may be viewed at http://www.hopkinscme.edu/migration/privacypolicy.html.

2. Next text your email address to the Hopkins CME phone number, (443) 541-5052, which will pair your mobile phone with your Hopkins CME account that had been created/ used on past CME Self-Report Credit Forms.

3. After you have attended, you will text the assigned “activity code” to the Hopkins CME phone number at (443) 541-5052 to receive CME credit. Once the text message is sent, your account is updated to reflect the CME credit earned.

   *Important Note: The activity code is only valid 15 minutes prior to the start of the lecture until 60 minutes after the lecture. Afterwards, the code becomes inactive and you will not be able to submit your attendance for CME credit for that particular activity.

If you have any questions on how to use the new CloudCME record keeping, please contact the Clinical Center’s CME Coordinator, Mr. Kelechi Ezealaji, by email at rita.stevens@nih.gov or by phone at 301-435-6188.
The NIH Clinical Center Grand Rounds is a Continuing Medical Education (CME) activity offered by the NIH Clinical Center Office of Clinical Research Training and Medical Education (OCRTME) with the Johns Hopkins School of Medicine as the CME provider.

Accreditation Statement
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Johns Hopkins University School of Medicine and the National Institutes of Health. The Johns Hopkins University School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation Statement
The Johns Hopkins University School of Medicine designates this Regularly Scheduled Series (RSS) CME Activity for 1 credit per session for a maximum of 42 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Policy on Speaker and Provider Disclosure
It is the policy of The Johns Hopkins University School of Medicine and the NIH that the speaker and provider disclose real or apparent conflicts of interest relating to the topics of this educational activity, and also disclose discussions of unlabeled/unapproved uses of drugs or devices during their presentation(s). The Johns Hopkins University School of Medicine Office of Continuing Medical Education has established policies in place that will identify and resolve all conflicts of interest prior to this educational activity. Detailed disclosure will be made in the activity materials.

Speakers Lecture Title and Name
Focused Ultrasound as a Non-Invasive Mechanism to Improve Dysfunctional Brain Circuits in Neurological Disease

Michael G. Kaplitt, MD, PhD

Speaker Relationship(s)
- Ownership Interest, Redpin
- Consulting Fee, Circuit Therapeutics
- Ownership Interest, MeiraGTx

No planners have indicated that they have any financial interests or relationships with a commercial entity.

Off-Label Product Discussion
- Focused ultrasound ablation for Parkinson’s disease and epilepsy
- Focused ultrasound blood-brain barrier disruption for Alzheimer’s disease and brain tumors
Evaluation form for NIH Clinical Center Grand Rounds, October 17, 2018

CME CODE: 16585

*Please return completed evaluation form to folder in Lipsett or email to rita.stevens@nih.gov
*This form is optional and not required to receive CME credit. We greatly appreciate your feedback.

Speaker: Dr. Michael Kaplitt

Objectives:

1. Discuss use of focused ultrasound for ablation of brain targets to treat neurological disease
2. Discuss use of focused ultrasound for blood-brain barrier disruption and delivery of biological therapies to brain targets

Please rate the attainment of objectives:

1. Define options and alternatives that will guide clinical practice:
   1-Not at all   2-Very little   3-Moderately   4-Considerably   5-Completely
2. Evaluate practical information about clinical research principles based on state-of-the-art information about scientific discovery and clinical advances:
   1-Not at all   2-Very little   3-Moderately   4-Considerably   5-Completely
3. Analyze information and opportunities to increase and improve collaboration between investigators:
   1-Not at all   2-Very little   3-Moderately   4-Considerably   5-Completely

Please rate the overall effectiveness of the lecture(s):

4. The overall quality of the presentation(s) was:
   1-Poor   2-Fair   3-Good   4-Very Good   5-Outstanding
5. How useful do you think the information that was presented is:
   1-Not very useful   2-Somewhat useful   3-Moderately useful   4-Very useful   5-Extremely useful
6. To what extent did participation in this activity enhance your professional effectiveness:
   1-Not at all   2-Slightly   3-Moderately   4-Greatly   5-Extremely
7. Will you change your practice in any way as a result of attending this activity:
   1-Not at all   2-Slightly   3-Moderately   4-Greatly   5-Extremely

What comments or suggestions do you have for the presenter(s):

What suggestions do you have for future topics or speakers for Clinical Center Grand Rounds:

Do you have any additional comments or suggestions to enhance the effectiveness of Clinical Center Grand Rounds:
