

Epidemiologic, Neuroimaging and Genomic Research into Chronic Neurotoxic Encephalopathy from the 1991 Persian Gulf War

Robert W. Haley, MD, FACP, FACE

Professor and Holder of the Distinguished Chair in Medical Research, Honoring America's Gulf War Veterans and Chief, Division of Epidemiology, Department of Internal Medicine, University of Texas Southwestern Medical Center, Dallas, Texas

Lipsett Amphitheater

Wednesday, April 8, 2015

12 noon to 1 pm

Lecture will be videocast, <http://videocast.nih.gov>

Activity Description: The weekly Clinical Center Grand Rounds provide a mechanism for presentations on state-of-the-art discoveries.

Who Should Attend: All physicians, allied health professionals and non-clinical scientists are invited to attend the Clinical Center Grand Rounds Series (September 3, 2014 to August 26, 2015).

Objectives: After attending this activity, participants will be able to (1) define options and alternatives that will guide clinical practice, (2) evaluate practical information presented about clinical research principles based on state-of-the-art scientific discovery and clinical advances, and (3) analyze information and opportunities to increase and improve collaboration among investigators.

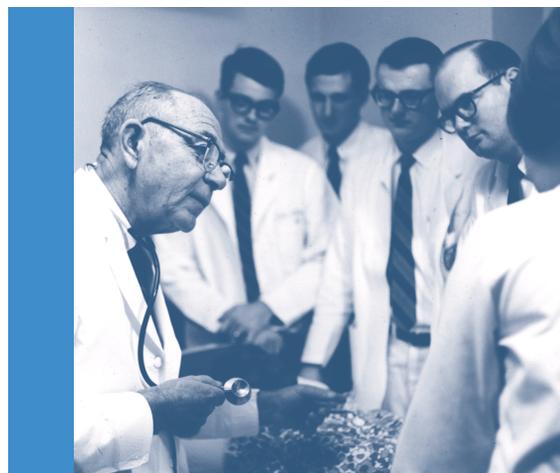

Accreditation Statement: This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Johns Hopkins University School of Medicine and the National Institutes of Health. The Johns Hopkins University School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation Statement: The Johns Hopkins University School of Medicine designates this live activity for 1 credit per session for a maximum of 42 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Policy on Speaker and Provider Disclosure: It is the policy of The Johns Hopkins University School of Medicine and the NIH that the speaker and provider disclose real or apparent conflicts of interest relating to the topics of this educational activity, and also disclose discussions of unlabeled/unapproved uses of drugs or devices during their presentation(s). The Johns Hopkins University School of Medicine OCME has established policies in place that will identify and resolve all conflicts of interest prior to this educational activity. Detailed disclosure will be made in the activity materials.

Reasonable Accommodations: Sign language interpreters will be provided. Individuals with disabilities who need reasonable accommodation to participate in this event should contact the Clinical Center Office of Communications and Media Relations at 301-496-2563. TTY users, please call through the Federal Relay Service at 1-800-877-8339.

One of medicine's great teachers, Tinsley Harrison, MD, photographed with students in 1964. His contributions include the classic textbook, *Harrison's Principles of Internal Medicine*.
